## Fabric Details

# Blending comfort, durability, and style.

Crafted from a durable plain weave poly viscose lycra, the Everyone collection offers a one-way stretch fabric designed to withstand the demands of a busy working day.

The Everyone Collection is a carefully balanced fabric blend to ensure both resilience and comfort, allowing the garment to retain its shape while providing ease of movement throughout long shifts. Designed to help maintain comfort even in fast-paced environments. With its low-maintenance properties and resistance to everyday wear and tear, this collection delivers a practical yet polished solution for professionals who need reliability without compromising on style.

**Composition**  
69% Polyester

# Behind the seams

All garments are a combination of technical excellence and fine craftsmanship expertise that sets them apart from high street suits

## The Collar

If you open up the collar you will notice an extra tape that is used to help stiffen the collar.

## The Buttons

Dyed through buttons that look good for years without fade.

## The Lapel

The lapels are carefully crafted and rolled to give shape and depth for a clean crisp sharp suit.

## The Canvas

The canvas creates a structured look but it is also durable and flexible allowing the jacket to naturally conform to your body shape.

## The Pockets

The pockets are precision made to look good and stay in shape for the life of the garment.

## French Bearer

Gives a "clean" look when fastened and stays in shape through long wear.

## Easy Waistband

We have trousers available with a discreet elastic insert to give waist ease while retaining a formal appearance.

## Branded Zips

Branded zips are used for industry leading reliability.

## Adding Tax Tabs to your Garment

Our tax tab service provides a simple yet effective way to add your customer's branding to tailored garments. These small, high-quality woven labels can be customised and sewn into various discreet locations, such as:

- The side seam, cuff, or pocket of a shirt
- The waistband of trousers or skirts
- The pocket flap of a jacket.

With a range of placement options available, we can help you create a polished and professional look that aligns with your customer's preferences. Simply let us know where they'd like the tax tab placed, and we'll take care of the rest.

# People & Planet

We don't just claim sustainability, we certify it. We proudly partner with Carbon Neutral Britain, Wrap, Sedex and Oeko Step to ensure our products, and our processes, support both people and planet.

As we work to drive emissions to zero, we believe that we should be held accountable for our environmental impact. So until we reach our goal of zero, we're taxing ourselves for the carbon we do emit, and investing in carbon offsets to fund projects that neutralize our footprint.

This goes towards funding projects not just on emissions, but also their wider impact – providing secondary benefits such as education, employment, clean water, and a positive impact on the local wildlife and ecology.

## Turning recycled plastic into tailoring

The Recycled Polyester fibre is made from 100% PET Plastic Bottles and is Certified by the Global Recycled Standard and is produced in a Green Mill powered by Bio Fuel.

The bottles are sourced using various socially compliant sources such as Identified Collection Agencies, Reverse Vending Machines and collection drives at events. The bottles are cleaned, washed and crushed to create plastic flakes. The flakes are melted down and extruded to make fibre.

We don't use agencies to manufacture our tailoring. We don't use factories that we haven't meticulously checked. We know who makes our clothing and we also expect the same from the partners we work with from the fabric mills to the button suppliers. Our supply chain is industry leading in terms of compliance, sustainability and welfare so you can feel assured that we only work to the highest practices.
