

1. BUST

Measure under the arms at the fullest part around the bust horizontally.

2. JACKET LENGTH

Place the tape measure on the centre back seam where it meets the collar. Measure down to the desired length.

3. INSIDE LEG

Take the measurement from the top of the inside leg seam and measure down the inside leg to the floor. Take measure where you would like the trousers to finish.

4. TROUSER WAIST

Measure around your waist (where you normally wear your trousers). Measure your body not over a trouser.
